Work On You

MSTRKRFT

I'm gonna work on you
Until you're feeling right
I'm gonna make you mine
Under the disco lightI'm gonna work on you
Until you're feeling right
I'm gonna make you mine
Under the disco lightI'm gonna work on you
Until you're feeling right
I'm gonna make you mine
Under the disco lightI'm gonna work on you
Until you're feeling right
I'm gonna make you mine
Under the disco lightI'm gonna work on you
Until you're feeling right
I'm gonna make you mine
Under the disco lightI'm gonna work on you
Until you're feeling right
I'm gonna make you mine
Under the disco lightI'm gonna work on you
Until you're feeling right
I'm gonna make you mine
Under the disco lightI'm gonna work on you
Until you're feeling right
