What We Weren't Looking For

David James

Don't know where you're going
Don't know where you've been
All I know is that I wanna see your face againNot lookin for forever
Not lookin for a night
Somethings telling me I gotta see you one more time
One more timeI wanna feel what I'm feeling right now
Don't know what it is, but I wanna find out
And take it all in
Cause I may never find it again
Judging by that smile you're wearing
This might be going somewhere I cant say for sure
We just might have found what we weren't looking for
Some might call me crazy
Some might call it fate
But call it what you want I'm good either way
Either way, yeah yeahI wanna feel what I'm feeling right now
Don't know what it is, but I wanna find out
And take it all in
Cause I may never find it again
Judging by that smile you're wearing
This might be going somewhere I cant say for sure
We just might have found what we weren't looking forAnd baby you can walk away
Move on with your life and that's okay
I'm sure you'll be alright
But as for me, I
I wanna feel what I'm feeling right now
Don't know what it is, but I wanna find out
And take it all in
Cause I may never find it again
Judging by that smile you're wearing
This might be going somewhere I cant say for sure
We just might have found what we weren't looking for
Oh I cant say for sure
We just might have found, what we weren't looking forDon't know where you're goin'
Don't know where you've been
All I know is that I wanna see your face again
