

# It's OK Love

Saybia

Caught in a well  
between heaven and hell  
it's getting lonely out here  
highways and hotels  
and headliner shows  
it's all just making me sad  
Sorry if I ever let you down  
I never meant to  
stayed inside the only world I knew  
'till I forgot  
that nothing is as beautiful as when  
I am with you  
and life isn't life out there  
without you here  
Just when I thought  
there was nobody out there  
no one who quite understood me  
I glanced to the side  
and I found you there smiling  
patiently holding my hand  
saying over and over  
it's ok love  
easy love  
I'm here  
So finally I'm ready to reveal  
what my heart tells me  
bring out all that's good inside of me  
and let it shine  
knowing that I'll never be alone  
while I'm with you  
and that life isn't life out there  
without you here
