Thinkin' About You

Siyam

I think this one's for the radio
When the after party is over
(Turn the lights off)
And everyone around us is leaving
That's when I want you to come closer
'Cause you're the only one that I'm needing
So when the after party is over
And for no particular reason
I want you to pull me in closer
And tell me that tonight you ain't leaving
It's 2:30 and it seems like everybody is about to leave
And I can see you reaching out for me
Without a single word I know just what you're thinking, ooh
I'm hoping you can stay a little while longer
'Cause I like to see that there's chemistry between you and me
I'm pretty sure we'll make that good old kind of love
When the after party is over
And everyone around us is leaving
That's when I want you to come closer
(That's when I want you, girl)
'Cause you're the only one that I'm needing
So when the after party is over
And for no particular reason
I want you to pull me in closer
(Pull me in closer)
And tell me that tonight you ain't leaving
Said I been think, think, think, thinking about you all night
Said I been thinking about you all night
Said I been thinking about you all night
So tell me that tonight you ain't leaving
Said I been think, think, think, thinking about you all night
Said I been thinking about you all night
Said I been thinking about you all night
So tell me that tonight you ain't leaving
Been thinking 'bout you, whoa
Kinda leaning from some bottles are taking the toll on me
Shawty, can tell me I'm feeling throws like me
So baby, you already know just what I'm thinking, ooh
You're the only one I wanna feel lady, you got what I need

Whoa, you already did your thang to me
I'm pretty sure we make the good old kind of love
When the after party is over, yeah
And everyone around us is leaving
(They're leaving)
That's when I want you to come closer
(That's when I want you girl)
'Cause you're the only one that I'm needing
So when the after party is over
(When the party's over)
And for no particular reason
(Come lay in my bed baby)
I want you to pull me in closer
(Closer in bed lady)
And tell me that tonight you ain't leaving
Said I been think, think, think, thinking about you all night
(Thinking about you all night)
Said I been thinking about you all night
Said I been thinking about you all night
(All night)
So tell me that tonight you ain't leaving
Said I been think, think, think, thinking about you all night
(Thinking about you all night)
Said I been thinking about you all night
(Thinking about you all night)
Said I been thinking about you all night
(Thinking about you all night)
So tell me that tonight you ain't leaving
(Been thinking 'bout you, ooh)
Thinking about you all night, in positions of all types
Magician, I'll make your clothes disappear if that's all right
Ferarri, all white, you hear them large pipes
Outside of the club, we kiss in front of them fog lights
So we don't need no strobes
Matter of fact, shawty, you don't need no clothes
And I bet you know how it goes
Just grab your coat and meet me at the door
Said I been think, think, think, thinking about you all night
(Thinking about you all night)
Said I been thinking about you all night
(Think of you baby)
Said I been thinking about you all night
So tell me that tonight you ain't leaving
Said I been think, think, think, thinking about you all night
Said I been thinking about you all night

Said I been thinking about you all night
So tell me that tonight you ain't leaving
Been thinking about you, oh
So baby you already know just what I'm thinking, oh
