Sunrise

Ryan Bingham

Here I go again straight up out the motel
Hock my guitar out of a pawn shop jail
If I quit, I'm just rolling the dice
Couldn't pass up the red beans and rice singin'Oh, my, my, see them girls shake their ass
Underneath the sunrise
Oh, my my, taste the sugar on their lips
Underneath that moonlightWell, I've never met a devil with a one-eyed dog
Well, you could lead a blind man out of Vietnam
'Cause everybody's beggin', well, everybody wants a chance
Stuck in a storm, we'll do a rain danceOh, my, my, see them girls shake their ass
Underneath the sunrise
Oh, my my, taste the sugar on their lips
Underneath that moonlight, oohWell, I'm taking my chances, I'm taking my sins
Throwin' 'em down the hill and I'll watch 'em come around again
Watched them fall, watched 'em rise up to the sky
Hundred miles an hour across the river to the other sideOh, my, my, see them girls shake their ass
Underneath the sunrise
Oh, my, my, taste the sugar on their lips
Underneath that moonlightWell, I've never met a devil with a one-eyed dog
Well, you could lead a blind man out of Vietnam
'Cause everybody's beggin', well, everybody wants a chance
Stuck in a storm, do a rain dance
