## De La Soul

[announcer]Still not convinced about ghost weed?

Well check this out!

\*\*\*\*\*

Yo I'm sayin...oh yeah, aight, yo, I can do anybody

(ghost weeeeeeeeeeeeeeeed!)

Do one of them tribe niggas

Listen, name somebody, I bet you

Phife....phife dawg

Yo, I sound just like him... phife dawg, watch!

Aight, I'm 'bout to do this

Yo, whatever, just show me aight, just show me

I'ma show you something else too

But right now I'm 'bout to show you phife, you heard me?

Alright here we go

You know what just, somebody hit the beat

\*\*\*\*\*

[phife]

L-y-r to the i-c-s

Niggas still fussin' 'bout who be the best

When diggy dog bounce through I put all that to rest ..

.. anyone try test I put two in they chest

Quest or no quest I leave venue's a mess

Don't ask me to colab', me and you don't mesh

I stay fresh from the fresh, never frontin' or fess

In the name of j christ all mics'll get blessed

Peep how I posess flavor, style, finesse

Microphones, honeys, two things I caress

To all you fake jiggy niggas, still not impressed

Queens, I rep' it to the fully, you'd think I own the mets

\*\*\*\*\*

What, know I'm phife, phife nigga, what

You know how I know you ain't phife?

You'da said you own the knicks or somethin'

Listen man I'm sayin', it's sports it's what I'm just doin'

I'm sayin', it don't matter, that's not the point

That shit is wack, impostor yo

I sound like phife
