Tight A$

John Lennon

Well, just as tight as you can make it
Hard and slow ain't hard enough
Just as tight as you can shake it
Girl, get it on and do your stuffTight as you can get it
Tight as, got it made
Uptight's alright but if you can't stand the heat
You better get back in the shadeWell, just as tight as an Indian rope trick
Long and tough ain't hard enough
Just as tight as a dope fiend's fix
My friend, get it on and do your stuffTight as you can boogie
Tight as, got it laid
Uptight's alright but if you can't stand the heat
You better get back in the shadeWell, alright, alrightWell, tight as you can make it
Hard and slow ain't hard enough
Just as tight as you can shake it
Girl, get it on and do your stuffTight as you can get it
Tight as, got it made
Uptight's alright but if you can't stand the heat
You better get back in the shadeWell, tight as an Indian rope trick
Hard and long ain't hard enough
Just as tight as a dope fiend's fix
My friend, get it up and do your stuffTight as you can boogie
Tight as, got it laid
Uptight's alright but if you can't stand the heat
You better get back in the shade, wellWell, tight as got me cornered
Tight as got me laid
Tight as strut your stuff so tough
Just a sitting in the midnight shadeTight as she can boogie
Tight as she got laid
Uptight's alright but if you can't stand the heat
You better get back in the shade, well, oh
