

Ain't That Enough

DJ Manian

If you can I wish, you would
Only if you feel, you should
 Bring your loving over
All adds up with circumstance
All stood up with taking stands
 Bring your loving over
 Highlights glisten
 Silence listens
 Days that found you
 Embrace that found you
Here is a sunrise, ain't that enough?
True as a clear sky, ain't that enough?
Toy town feelings here to remind you
Summers in the city do what you gotta do
 Time can only make demands
 Fill it up with grains of sand
 Bring your loving over
 Highlights glisten
 And silence listens
 Days that found you
 Embrace that found you
Here is a sunrise, ain't that enough?
True as a clear sky, ain't that enough?
Toy town feelings here to remind you
Summers in the city do what you gotta do
 Toy town feelings whose gonna argue
 Summers in the city, summers in the city
