Runnin' Riot

Cock Sparrer

Things you say, Things you do sure worry me,
When were out on the street making money for you in your society.
It seems to me the time is right,
for another generation and another street fight.
Got no future, sure got a right, i got a right to live.I can't stand the peace and quiet. All I want is a running a riot.
I can't stand the peace and quiet, Because all i want is a running.... RIOT!Don't you try to understand the way we feel.
Lush Limousines and mortgages ain't no big deal.
I've got no friends who want to be, living like you when there 33.
Getting old sure bothers me, bothers me to death.Cause I can't stand the peace and quiet.
All I want is a running a riot.
Cause I can't stand the peace and quiet.
All I want is a running .... RIOT!
Cause I can't stand the peace and quiet.
All I want is a running riot.
I want to riot!
I can't stand the peace and quiet,
All I want is a running.... RIOT! I just wanna RIOT!
