Shopping For Blood

Franz Ferdinand

I live in the Merchant city
Drive a four by four
Oh, I eat M and S, it tastes of nothing
Oh, I taste of nothing
I am the new Scottish gentry
An anglified vowel, sub London thoughts
I am the new Scottish gentry
An anglified vowel, sub London thoughts, so
So I'm shopping, shopping for blood
Oh, I'm shopping, I'm shopping for blood
So I'm shopping, shopping for blood
Oh, I'm shopping, I'm shopping for
So, it's leather for leisure, velcro for sport
Oh, it's a first appearance at the new civil court
Oh, it's the leather for leisure, velcro for sport
It's a first appearance at the new civil court
Hi there, hi
Shopping for blood, blood
I agree
Oh, hi there
I'm shopping
Shopping for blood, blood
Oh, I agree
I am the new Scottish gentry
An anglified vowel, sub London thoughts
I am the new Scottish gentry
An anglified vowel, sub media thoughts
So I'm shopping, shopping for blood
Oh, I'm shopping, shopping for blood
So I'm shopping, shopping for blood
Oh, I'm shopping, I'm shopping for
So, it's leather for leisure, velcro for sport
It's a first appearance at the new civil court
It's leather for leisure, a velcro for sport
It's a first appearance at the new civil court
