Go Ahead Medley

Helen Miller

Go Ahead
Helen Miller

Well I got something inside of me
telling me to go ahead
I got something inside of me
Telling me to go ahead
I got something inside of me
Telling me to go ahead
Go ahead, go ahead, go ahead

Jesus down in me
telling me to go ahead
Jesus down in me
Telling me to go ahead
Jesus down in me
Telling me to go ahead
Go ahead, go ahead, go ahead

I got the holy ghost down in me
telling me to go ahead
the holy ghost down in me
Telling me to go ahead
the holy ghost down in me
Telling me to go ahead
Go ahead, go ahead, go ahead

Go ahead, go ahead
I got something down in me said go ahead
Satans on my track heâ€™s trying to turn me back

Run on, Run on
I got something down in me said go ahead
Satans on my track heâ€™s trying to turn me back

Press on, Press on
I got something down in me said go ahead
Satans on my track heâ€™s trying to turn me back

Pray on, Pray on

I got something down in me said go ahead
Satans on my track heâ€™s trying to turn me back

Go ahead, go ahead
Something down in me said go ahead
Satans on my track heâ€™s trying to turn me back

Go ahead, go ahead (repeat until the end)
