Small Axe

Joe Higgs

Small axe fall big tree
Though I'm just a baby
Safe in your arms
That's where I wanna be
Small axe fall big tree
Small axe fall big tree
Though I'm just a baby
Safe in your arms
That's where I wanna be
Small axe fall big tree
Been on your love line for so long
Won't you be mine age is no crime
Been loving you every minute every hour

All I ever need
Small axe fall big tree
Though I'm just a baby
Safe in your arms
That's where I wanna be
Small axe fall big tree
And I know you won't
Treat I like others would
Warm embrace truly I feel good
So much to learn this heart inside I burn
And I'm still be right here waiting my turn
