

# Small Axe

**Joe Higgs**

Small axe fall big tree  
Though I'm just a baby  
    Safe in your arms  
That's where I wanna be  
    Small axe fall big tree  
    Small axe fall big tree  
Though I'm just a baby  
    Safe in your arms  
That's where I wanna be  
    Small axe fall big tree  
    Been on your love line for so long  
    Won't you be mine age is no crime  
    Been loving you every minute every hour

    All I ever need  
    Small axe fall big tree  
    Though I'm just a baby  
    Safe in your arms  
That's where I wanna be  
    Small axe fall big tree  
    And I know you won't  
    Treat I like others would  
    Warm embrace truly I feel good  
    So much to learn this heart inside I burn  
    And I'm still be right here waiting my turn
