

# He's Alright

## Chicago Mass Choir

He's alright, my baby is alright  
He knows what I like naturally  
My man is alright, yeah, he's got it right  
My baby's alright alright with me  
There are men, then there are men  
And mine is a Mercedes Benz  
He's so strong, yet so gentle  
He always knows the right thing to say  
Even on my bad days  
Makes no demands, he understands  
He's not afraid to day  
(I love you)  
Maybe he don't live  
(In a mansion)  
He don't drive  
(Nothing fancy)  
But he revs me up, the lovin' that  
He gives to me is enough  
He's alright, my baby is alright  
He knows what I like naturally  
My man is alright, yeah he's got it right  
My baby's alright, alright with me  
In a crowd, he stands out  
He's a gentleman without a doubt  
He's so smooth, yet so sexy  
He's versatile and that really gets me  
If you know what I mean  
He's mystical, logical  
He brightens up the  
(Darkest day)  
Maybe he don't wear  
(Valentino)  
But he don't care  
(Because he knows)  
That what's inside is better  
Than anything money can buy  
He's alright, my baby is alright  
He knows what I like naturally  
My man is alright, yeah, he's got it alright

My baby is alright, sexually  
So right that it makes me go, yeah, yeah  
He got the  
The goody, goody, goody, goody, good lovin'  
Feels so nice when we're kissin' and huggin'  
He got the goody, goody, the good lovin'  
Keep ma bell dem ringin'  
And when him touch mi body an it  
Feels so fine  
Ina mi heart ana, Ina mi mind  
Whenever I'm in danger  
He's my knight in shining armor, do it  
Girls  
(I just wanna be satisfied and treated like a queen)  
Him jus'a raise mi temperature to the extreme  
Girls  
(He's logical and mystical the man of all my dreams)  
Get me so hot, mi haffl let off steam  
Girls  
(He's Alright)  
Nice and clean  
Girls  
(Unbelievable all night)  
Body well lean  
Girls  
(Come and touch my light)  
Good lovin' everybody, ladies when you sel'  
Makes no demands, he understands  
He's not afraid to day  
(I love you)  
Maybe he don't live  
(In a mansion)  
He don't drive  
(Nothing fancy)  
But he' revs me up, the lovin' that  
He's alright, my baby is alright  
He knows what I like naturally  
My man is alright, yeah he's got it right  
My baby's alright sexually  
He knows what I like naturally  
My man is alright, yeah he's got it right  
My man is alright, he's my baby, he's my baby  
My baby's alright, so right for me, yeah  
So right that it makes me go, yeah, yeah
