In my eyes I'm not lazy  
In my face it's not over  
In your room I'm not older  
In your eyes I'm not worth it Gimme back my alcohol, gimme back my alcohol  
Gimme back my alcohol, gimme back my alcohol  
Gimme back my alcohol, gimme back my alcohol  
Gimme back my, gimme back my, gimme back Heal a million, kill a million  
Heal a million, kill a million  
Heal a million, kill a million In my eyes I'm not lazy  
In my face it's not over  
In your room I'm not older  
In your eyes I'm not worth it Gimme back my alcohol, gimme back my alcohol  
Gimme back my alcohol, gimme back my alcohol  
Gimme back my alcohol, gimme back my alcohol  
Gimme back my, gimme back my, gimme back Heal a million, kill a million  
Heal a million, kill a million  
Heal a million, kill a million In my eyes I'm not lazy  
In my face it's not over  
In your room I'm not older  
In your eyes I'm not worth it Gimme back my alcohol, gimme back my alcohol  
Gimme back my alcohol, gimme back my alcohol  
Gimme back my alcohol, gimme back my alcohol  
Gimme back my, gimme back my, gimme back Heal a million, kill a million  
Kill a million, kill a million  
Kill a million, kill a million
