Nebraska

Bowling For Soup

It seems like I should know better
I guess I don't know much
When I'm alone I'm everything
But I'm not well beneath it all
Stop staring over my shoulder
Just let me breathe in peace now
Cause all I ask for is a....date
One date to shine
One date to leave it all behind
One date, yea!
One date to myself
Whoa, whoa, whoa, whoa
It seems like I should know better
I guess I don't know much
When I'm alone I'm everything

But I'm not well beneath it all
Stop staring over my shoulder
Just let me breathe in peace now
Cause all I ask for is a....
One date to shine
One date to leave it all behind
One date, yea!
One date to myself
Whoa, whoa, whoa, whoa
One date to shine
One date to leave it all behind
One date, yea, yea, yea!
One date to myself
Whoa, whoa, whoa, whoa
