

Nebraska

Bowling For Soup

It seems like I should know better

I guess I don't know much

When I'm alone I'm everything

But I'm not well beneath it all

Stop staring over my shoulder

Just let me breathe in peace now

Cause all I ask for is a....date

One date to shine

One date to leave it all behind

One date, yea!

One date to myself

Whoa, whoa, whoa, whoa

It seems like I should know better

I guess I don't know much

When I'm alone I'm everything

But I'm not well beneath it all

Stop staring over my shoulder

Just let me breathe in peace now

Cause all I ask for is a....

One date to shine

One date to leave it all behind

One date, yea!

One date to myself

Whoa, whoa, whoa, whoa

One date to shine

One date to leave it all behind

One date, yea, yea, yea!

One date to myself

Whoa, whoa, whoa, whoa
