

# 1977

## Years & Years

[Verse 1]

You dye your hands the color blue  
You wash your mouth, you pray for truth  
You've seen it all by the grace of God  
It's what you've done, it's who you are[Chorus]  
    Oh, oh, fever  
    Oh, oh, fever  
    You drink it all, you'll live tonight  
    You bite your cheeks, you'll put it right  
    Oh, oh, fever[Verse 2]  
    Kiss your tongue, you strike a match  
    Keep it high, you're moving fast  
    You touch the ground you're slipping through  
    You'll never know how you can move[Chorus]  
    Oh, oh, fever  
    Oh, oh, fever  
    You drink it all, you'll live tonight  
    You bite your cheeks, you'll put it right  
    Oh, oh fever
