

U.F.O

Coldplay

Lord I don't know which way I am going
Which way, the river gonna flow
It's just seems that upstream, I keep rolling
Still got such a long way to go
Still got such a long way to go Then at last, it's your right, I know, I swear
We'll find somewhere the streets are paved with gold
But it's fly, split the sky
But that's all right, sometimes
The sunlight comes streaming through the holes.
