

# Can't Stop The Pain

## Firehouse

It's been a long time since I saw you  
Been so long since I touched your face  
You know there's nothing I can do  
That will help to get me through  
'Cause I know you won't be there for me again  
If I could dream about tomorrow  
If I could dream the night away  
You know there's nothing I could do  
To get me over you  
You used to be there every morning  
You had that smile upon your face  
But now that smile is turned around  
And my world is upside down  
'Cause I know you won't be there for me again  
If I could dream about tomorrow  
If I could dream the night away  
You know there's nothing I could do  
To get me over you  
I know I'll miss you  
But you will never hurt again  
I know you're happy  
But now I feel such emptiness inside  
If I could dream about tomorrow  
If I could dream the night away  
You know there's nothing I could do  
To get me over you  
Can't stop the pain
