

Window Pane

Mad Larry

I like it when it rains
Sideways on the window pane
I like it when you smile
Haven't seen it in a while
And I like a windy day
Blows my troubles far away
Takes out everything in sight
The moon pullin' at the tide I'm driftin' in a different sea
Stormy skies so comforting
These waters got a hold on me
I like it cause you can see I like a choppy sea
Makes me think of what can be
Throw me over, tow my line
Throw me up inside your mind
Where me and you will walk a mile
Rope a fortune, go in style I'm not driftin' in a different sea
Stormy skies so comforting
These waters got a hold on me
I like it cause you can see (Ha ha ha haa)
(Ha ha ha haa)
(Ha ha ha haa)
(Ha ha ha haa) I like it when it rains
Sideways on the window pane
I like it when you smile
Haven't seen it in a while Stormy skies so comforting
These waters got a hold on me
D-different sea
Waters got a hold on me
So comforting
So comforting
Still waters got a hold on me
Stormy skies so comforting
