

# More and More

[Van Morrison](#)

More and more, I'm forgetting the past  
More and more, I'm living at last Day by day, I'm losing my blues  
More and more, I'm forgetting about you You know how I tried keep you by my side  
You know how I cried the day you said goodbye Day by day, I'm losing my blues  
More and more, I'm forgetting about you But oh, how I tried keep you by my side  
And oh, how I cried the day you said goodbye Day by day, I'm losing my blues  
More and more, I'm forgetting about you Day by day, I'm losing my blues  
More and more, I'm forgetting about you
