

# 8th World Wonder (Club Mix)

## Shift

Gimme that look  
You know what you want  
I know what I want  
So baby just  
Come on over  
We could hang stars  
Make heaven touch earth  
Pull oceans apart  
So baby just  
Come on overBetcha never had a feeling just like that  
Take you to the other side, ain't coming backWe could be invincible  
You got no idea what you're in for  
Baby we gonna make miracles  
Yeah yeah ...If you wanna make it out alive  
Imma have to pull you under  
If you only dream in black and white  
Imma make you see in color  
I'll let my lightening strike  
Follow me there  
I wanna feel your thunder  
If we go and fall in love tonight  
We could be the 8th world wonderGimme that good  
You know that you should  
I knew that you would  
Yeah baby just  
Come on over  
We could rise up  
Eternally strong  
A phenomenon  
Ya baby just  
come on overBetcha never had a feeling just like that  
Take you to the other side, ain't coming backWe could be invincible  
You got no idea what you're in for  
Baby we gonna make miracles
