

So Are You

Dub Fx

Oooh

If i only ever knew I'm trapped in my mind and trapped in a zoo

Oooh

And so are you

Oooh

If i only ever knew so are you if we only ever knew

We're trapped in our minds and trapped in a zooOooh

If we only ever knew

Here we come with the roughest and toughest high grade sensimilla pumping through our lungs and veins

Never gonna stop till the end of our days

Setting up sound systems with bass for your face

Console shooting out frequency

Full of loops and beats and symmetry

The rooms getting filled with chemistry

Let it be do you see all the energySo we keep on moving at a rocksteady pace

We know you gonna want it if you have a little taste

Loosen up your neck and your back and your waist

Feel your self lift as you float into space

Twisting your mind so quickly

Sonically and telepathically

We're kissing goodbye to the gravity

Let it be do you feel all the energy

I said oooh

If i only ever knew I'm trapped in my mind and trapped in a zooOooh

If i only ever knew so are you if we only ever knew

And so are you

Oooh

If we only ever knew we're trapped in our minds and trapped in a zoo

If we only ever knew

Western youth be in trouble cos they're not playing rough

So i try to start a fire with a riddim that's tough

We need a revolution but we can't get enough

Of youtube facebook instagram and that stuff

We need some social activityPhysically in this reality

There's too much digital calamity

Let us be what we need for prosperity

But we keep on using up more than we need

And we build on slavery power and greed

And i weep every time that i watch TV

So i focus on my Jing and my Shen and my Chi
Soaking up pure infinity
Kundalini shakti for energy
We're kissing goodbye to negativity
Let it be just free your mentality
I said oooh
If i only ever knew I'm trapped in my mind and trapped in a zooOooh
If i only ever knew
So are you
Oooh
If we only ever knew we're trapped in our minds and trapped in a zooOooh
If we only ever knew
We are all chosen
We are all golden
We are all chosen
We are all golden
Right
We are all chosen
We are all golden
Allright
We are all chosen
We are all golden
You know
We are all chosen
We are all golden
One more time
We are all chosen
We are all goldenOooh
If I only ever knew we're trapped in our minds and trapped in a zoo
Oooh
Oooh
If we only ever knew we're trapped in our minds and trapped in a zoo
Oooh
Oooh
If we only ever knew
