

# Get Off the Phone

## Johnny Thunders & The Heartbreakers

Ten years old  
Anything goes  
All you ever knew was a bullshit phone  
Now you're on the bells  
Yacking in the booths  
But where you supposed to go?  
Well I just don't know so, Get off the phone  
There's nobody home  
So get off the phone  
Cause I don't want you  
Cause I don't want you What's that ringing sound?  
Everything's going round and round  
Calling everybody and their mother too  
But don't call me cause I just left you so, Get off the phone  
There's nobody home  
So get off the phone  
Cause I don't want you  
Cause I don't want you You hung up on love when I called that night  
You hung up on bells at the ring side fights  
You hung up on your heart  
You hung up on the world  
Now you hung yourself on the telephone pole so, Get off the phone  
There's nobody home  
So get off the phone  
Cause I don't want you  
Cause I don't want you I don't care  
What you wear  
You ain't gonna go  
No where Get off the phone  
There's nobody home  
So get off the phone  
Cause I don't want you  
Cause I don't want you
