

Keep This Fire Burning

Robyn

Allright Even when you don't know
I'll be by your side
Even when you think you're all alone
I'll be by your side I'll be right behind you keep on going
In which ever way the wind is blowing
I will be there till the world stops turning
Baby I will keep this fire burning..fire when nobody else is
I am on your side
Baby when you're not even yourself
I am on your side I'll be right behind you keep on going
In which ever way the wind is blowing
I will be there till the world stops turning
Baby I will keep this fire burning..fire yeah even when you've lost you faith in love
Even when there is no light above
Even when you have to run and hide
I'll be on your side
I'll be on your side I don't even think ya know
How far from my block to go
If you put your trust in me
I'll keep it coming
Ain't nobody stopping me
When it comes to you and me
When nothing's like it used to be
I'll keep this fire burning I'll be right behind you keep on going
In which ever way the wind is blowing
I will be there till the world stops turning
Baby I will keep this fire burning..fire I don't even thinking know
How far from my block to go
If you put your trust in me
I'll keep it coming
Ain't nobody stopping me
When it comes to you and me
When nothing's like it used to be
I'll keep this fire burning I'll be right behind you keep on going
In which ever way the wind is blowing
I will be there till the world stops turning
Baby I will keep this fire burning..fire I'm your sister
I'll be your brother
Keep it coming

I'll be your friend, I'll be your everything
I'll be your lover
Just you and me
Keep it coming
Baby I'll keep this fire burning
