I Know There's Something Going On

Jorn

I can see that it won't be long
You grow cold when you keep holding on
You know you've changed and your words they lie
That's something you can't denyI know you're not at home
You're home but god I'm alone
If you want to leave then why don't you say
Your love is gone anywayI know there's something going on
I know there's something going on
I know it won't be long,
Won't be long before you're goneThere's something going on
There's something going on
I know a good thing must come to an end
But it's hard to take loosing a friend
I know what you think and what's in your mind
So darling don't quite pretendI know there's something going on
I know there's something going on
I know it won't be long
It won't be long before you're goneThere's something going on
There's something going on
There's something going on
There's something going onI know there's something going on
I know there's something going on
I know it won't be long
It won't be long before you're gone
There's something going on
There's something going on
There's something going on
There's something going onI know there's something
I know there's something
I know there's something
