

# Sir Greendown

## Janelle Monâge

Sir Greendown  
Come wake me in the night  
The dragon wants a bite  
Of our loveThe flower and the golden hand  
Wooden wings and clouds of sandSir Greendown  
Let's leave in an hour  
Meet me at the tower  
Ride your horseHere the dolphins walk like men  
Here the cyborgs have a plan  
Sir Greendown  
I need your shining lightLet's leave in an hour  
Meet me at the tower  
I'm in love.
