

# Nobody But a Fool

[Billy Walker](#)

Nobody uh uh uh but a fool uh uh uh would do uh uh uh the things I do

I worship you but you don't care to you

Still I keep calling back cause I'm that bigger fool over you uh uh uh Even the wind and the rain all seem to say  
what a shame

To be a fool all your life but a fool I am and a fool I will remain

Nobody uh uh uh but a fool...
