

# Hyperactive

Robert Palmer

She's got a date for lunch in Singapore  
Holds stock in I.B.M. and hates Dior  
Well she puts her make up on at 6.00 a.m.  
She goes to work gets home then puts it on again And its a mystery  
How wild that girl can be  
She's got so much energy  
She's such an expert at surprising me She's hyperactive when she starts to dance  
She's so attracted to a wild romance  
And I'm persuaded by her argument  
She's hyperactive She's hyperactive when she starts to dance  
She never missed a beat or missed a chance  
And I'm persuaded by her argument  
She's hyperactive The other dancers hyperventilate and start to sweat  
One look at her, I know the nights not over yet  
She says, "Where are we going now?"  
Her voice is sweet and soft  
I think she lost the key that turns her motor off And its a mystery  
How wild that girl can be  
She's got so much energy  
She's such an expert at surprising me She's hyperactive when she starts to dance  
She never missed a beat or missed a chance  
And I'm persuaded by her argument  
She's hyperactive She's hyperactive when she starts to dance  
She's so attracted to a wild romance  
She's more effective than a stimulant  
She's hyperactive, oh And its a mystery  
How wild that girl can be  
She's got so much energy  
She's such an expert at surprising me She's hyperactive when she starts to dance  
She never missed a beat or missed a chance, yeah  
And I'm persuaded by her argument  
She's hyperactive She's hyperactive when she starts to dance  
She's so attracted to a wild romance  
And more effective than a stimulant  
She's hyperactive She's hyperactive when she starts to dance  
She never missed a step or missed a chance  
She's more effective than a stimulant  
She's hyperactive She's hyperactive when she starts to dance  
She never missed a beat or missed a chance

And I'm persuaded by her argument  
She's hyperactive
