I Still Love You

Ricky Van Shelton

You've got me callin' on the phone
You've got me cryin' all night long
But baby, I love you, baby, yes I love youHeard people sayin' lots of things
'Bout how you sold your wedding ring
But baby, I love you, baby, yes I love youBut I don't care what people say
I still love you anyway
Oh yes, I love you, I still love youMissed you most of all this year
I must have cried a million tears
'Cause baby, I love you, baby, yes I love youBut I don't care what people say
I still love you anyway
Oh yes, I love you, I still love youBut I don't care what people say
I still love you anyway
Oh yes, I love you, I still love youBut I don't care what people say
I still love you anyway
Oh yes, I love you, I still love you
