## Bishop Allen

I found myself a queen  
In a bright sundress  
She was prettier than May  
But she liked me best

I don't know why, but she couldn't stand still  
The radio was playing, it was time to kill  
We were throwing furniture off the roof  
We'd watch it shatter on the ground below  
Singing: La la la la la la la la la

There was fever in her hair  
And a beauty in her brain  
And she showed me 'round town  
Quiet as a hurricane

Well, the mischief in her eyes  
Gave me something to believe  
And while I knew she couldn't stay  
I guess I never heard her leave
