

# Out of the Darkness

[Tim Hughes](#)

I could live a thousand years  
Never earn a moment of Your grace  
Even in my darkest day  
You shine on me  
You shine on me And out of the darkness  
You brought me into Your glorious light  
Saved from the death I was facing  
Rejoicing in the future, a hope that is mine The greatest of all gifts  
From the greatest of all givers  
Jesus there upon the cross  
True love displayed for all to see And your grace runs after me  
Runs after me  
Everyday of my life  
And your mercies they never fail  
They never fail  
Everyday of my life
