

Don't You Say Maybe

Pyogenesis

[Music & Lyrics: Flo V. Schwarz]It's not a proper situation - in my mind

No need to canvass all these stations

I can't find another way to ask
if you do feel the same as I do for you

I need an answer now - answer now!

Oho, oho, oho, oho, oho - Don't you say maybe

Oho, oho, oho, oho, oho - Don't you say maybe

Your answer may be a perspective - in my live

It also could be too destructive - I can't

Find another way to ask if you fell
the same as I do for you

I need an answer now
answer now!

Oho, oho, oho, oho, oho - Don't you say maybe

Oho, oho, oho, oho, oho - Don't you say maybe
