Houses

Cocorosie

The end begins just as it starts

And leaves me wondering what we left behind

Told me not to talk but please explain

My thoughts that float around my mind

So take a step back will you

Be alright, feel alright?

And now

All this time when we walk we won't feel

But sometime in a box it won't steal

Up ahead I see it, I can find it but I feel alive

Followed me inside of a place

I felt like things would still be alright

And now

All this time when we walk we won't feel
But sometime in a box it can steal
All this time when I talk it's not real
It's not real, not real, not real, it's not real
All this time when we walk we won't feel
But sometime in a box it won't steal
All this time when I walk I won't feel, I won't feel
All this time when I talk it's not real, it's not real
Not real, not real, not real, it's not real
Not real, not real, not real, not real
All this time when I talk it's not real, not real
Not real, not real, not real, not real
