ZZ Top

Ah, yeaBlack fly, buzzin', buzzin' around
Black fly, flyin' from town to town
Black fly, lookin' around and around
What's he gonna do when he finds her?
Your shareHe got the mojo workin' overtime
Makin' it, layin' it on the line
Chasin' his honey with a honeysuckle vine
Who's so lucky and gets to kiss her?Black fly
That's right
Black fly
That's rightFlyin' around lookin' for a black cat bone
Flyin' with John, the conquerer showin'
Messin' around with a honeybee
Will she kiss him or sting him, what's gonna be?Black fly
That's right
Black fly
But that's rightBlack fly, buzzin, buzzin' around
Black fly, flyin' from town to town
Black fly, zuzzin' all around
Fly gonna fly when he find herBlack fly
That's right
Black fly
That's right
Black fly
That's right
Black fly
