

# Fake Messiah

## Lamb of God

Everything you've ever begged me to be  
Could never have meant any less to me  
Everything you've ever asked me to say  
Is so far away from the truth  
So far away from the truth, so far away Fake Messiah  
Stitches sewn in your eyes  
Fake Messiah  
Prophecy now denied Over and over and never again  
Defending your insignificance  
Useless intent hidden behind your back  
A coward's ways, you're not of us  
So far away from the truth, so far away Fake Messiah  
Stitches sewn in your eyes  
Fake Messiah  
Prophecy now denied Fake Messiah  
Open up my eyes wide  
Fake Messiah  
Prophecy now denied, denied Generation failure  
Suspended in irrelevance Slit you wide open  
Just to see what you're made of  
Just to see what you're made of  
So far away from the truth Fake Messiah  
Stitches sewn in your eyes  
Fake Messiah  
Prophecy now denied Fake Messiah  
Open up my eyes wide  
Fake Messiah  
Prophecy now denied Messiah  
Fake Messiah  
Fake Messiah
