

Falling Sun (Live and Acoustic)

Anouk

Relationship lost on a stormy sea
I hold on to you
Just hold on to me
When the lighting strikes
You hear the thunder roaring
And you don't know how long
This will go on
But I know I still love you
And I know you still care
So keep on tryin' when you're sure you still love me
I don't know much
But I know how to love you
doesn't that mean anything
I don't know much
But I know how to love you
A sea of love
don't let it drown us
We're way too far from shore
As we go deeper
As the wind grows stronger
It tries to tip us over
But we both learned how to swim
So let's just go on
'Cause I know I still love you
And I know you still care
So keep on tryin' when you're sure you still love me
I don't know much
But I know how to love you
doesn't that mean anything
I don't know much
But I know how to love you
Yeah I know I still love you
And I know you still care
I don't know much
But I know how to love you
doesn't that mean anything
I don't know much
But I know how to love you
And that's all I need to know...

For now
