

# Forever Blue

## Jed Madela

Sometimes I wish I was a sailor  
Way out on the stormy sea  
Far away from the city and all this misery  
And I wish that I could tell you  
Just how much you mean to me  
No matter where I run to, I'll never lose your memory  
Sometimes I close my eyes and drift away  
I can't forget the things I didn't say  
I chose a life that took me away from you  
And I will be forever blue  
When you wake up in tomorrow  
And I'm no longer by your side  
Just don't think too much about me  
And of the many times you've cried  
And wherever you may wander  
May good fortune be your guide  
Go find another lover  
One who'll never leave your side  
Sometime I close my eyes and drift away  
I chose a life that took me away from you  
And I will be forever blue
