Guttersnipe

The Business

You preach anarchy but you make the rules
Settin' up heroes like celluloid fools
In 20 lines you put the world to right
You're antiwar but you wanna fightGuttersnipe, guttersnipe
You ain't so right
You ain't worth
Worth light, worth a lightGuttersnipe, guttersnipe
You ain't so right
You ain't worth
Worth light, worth a lightYou spread the lies to hide the truth
Leaders of the misled youth
Promote the myth to hide the vice
Intellects who don't think twiceGuttersnipe, guttersnipe
You ain't so right
You ain't worth
Worth light, worth a lightGuttersnipe, guttersnipe
You ain't so right
You ain't worth
Worth light, worth a lightGuttersnipe
Guttersnipe, guttersnipe
You ain't so right
You ain't worth
Worth light, worth a lightGuttersnipe, guttersnipe
You ain't so right
You ain't worth
Worth light, worth a lightYou got your badges, you've got your causes
Label under civilian forces
In black and white upon your face
There's nothing but an empty spaceGuttersnipe, guttersnipe
You ain't so right
You ain't worth
Worth light, worth a lightGuttersnipe, guttersnipe
You ain't so right
You ain't worth
Worth light, worth a lightGuttersnipe, guttersnipe
You ain't so right
You ain't worth
Worth light, worth a lightGuttersnipe, guttersnipe
You ain't so right

You ain't worth
Worth light, worth a light
