

# When He's Not Around

## The Corrs

I can't breathe and I can't sleep  
He's uncool and unsophisticated  
He's a tightrope walker on an open path  
He's a maze of curiosity  
He is the living bread that cures my appetite  
I find that I can't breathe and I can't sleep  
When he's not around  
Everyday is bluey grey  
When he's not in town  
His mystique is one of innocence  
I feel I'm lounging in lovely in his big blue eyes  
And I would be preening in paradise  
If I were always beside him like a Siamese  
I find that I can't breathe and I can't sleep  
When he's not around  
Everyday is bluey grey  
When he's not in town, when he's not in town  
Can I keep him in my galaxy  
Can he live within my fantasy  
I find that I can't breathe and I can't sleep  
When he's not around  
Everyday is bluey grey  
When he's not in town  
I find that I can't breathe and I can't sleep, yeah (I can't sleep)  
When he's not around  
Everyday is bluey grey  
When he's not in town when he's not in town, yeah
