

I Like To Do It

KC and The Sunshine Band

I, baby, I
I like to do it with you
I, baby, I
I like to do it with you I like to boogie down all night long
Do it with you
I like to shake it up, shake it down
Do it with you I, baby, I
I like to do it with you
I, baby, I
I like to do it with you I like to take you all round the world
Do it with you
I'd like you to be my one and only girl
Do it with you I, baby, I
I like to do it with you
I, baby, I
I like to do it with you Oh, yeah, yeah, yeah
Do it with you
Oh, yeah, baby
Do it with you Do it with you
Do it with you
I like to do it with you
I like to do it with you I like to do it with you
I like to do it with you
I like to do it with you I like to do it with you
I like to do it with you
I like to do it with you
