Scapegoat

The Agony Scene

Abandoned broken and bleeding
A feast for their eyes a spectacle
A murder of the forsaken
A scapegoat for their suffering
Burn me alive x2
I feel the hatred behind their eyes
Burn me alive
In eager circles to watch me die
Burn me
As Silence falls through the masses
The cruelest display of sacrifice
a savior for the abandoned
A scapegoat for their suffering
Burn me alive x2
I feel the hatred behind their eyes
Burn me alive
In eager circles to watch me die
Burn Me
Abandoned broken and bleeding
A feast for their eyes a spectacle
A murder of the forsaken
A scapegoat for their suffering
Burn Me Alive x3
BURN ME
