Here and Now

Seether

This fear has me chilled down to the bone
And I have been haunted by these things I still have left to say
Im weary of fighting this alone
So tired of holding on to strings much better left to fray
And I said
Hear me now here and now Im calling
Memories wear me down
And this seems so complicated
When all I want is just the truth
Im wilted and faded after all
Too strung out and burnt out to be half the man that I could be
Ill never belong inside your world
So black out the sun and leave me to play out the same old tragedy
And I said
Hear me now here and now Im calling
Memories wear me out
And this seems too complicated
When all I want is just the truth
Hear me now here and now Im calling
Memories wear me out
And this seems too complicated
When all I want is just the truth
Youre my savior after all
Use your flame to guide me home
And then lay your hand on me
And I said
Hear me now here and now Im calling
Memories wear me down
And this seems so complicated
When all I want is just the truth
Hear me now here and now Im calling
Memories wear me out
And this seems too complicated
When all I want is a part of you
