

Not Over (Eli Escobar Remix)

Bag Raiders

Cut like a picture from a paper safely tucked away
Well thats how my heart is for you
You keep yours guarded like a palace hiding all its jewels
Thats just how hard it is for you
You found somebody yeah ok well I found somebody too
No need to put on such a show
If we should fight it out Im sure we'll take it to the other
No one should ever have to knowIts not over til its over
Oh no but we'll try
To make it right for just one night
We tried
Its seemed a good idea the first time that we had each other
Why don't we just leave it at that
I know that nothing lasts forever this could change any minute
And we might never change it back
We keep on running til tomorrow closer to the future
Sometimes it seems so far away
I stared at pictures from a faded to a weaker image
You're pushing on Im pushing playIts not over til its over
Oh no but we'll try
To make it right for just one night
We tried
Its not over til its over
Oh no but we'll try
To make it right for just one night
We triedIts not over til its over (x8)
