

# Blinded in Chains

## Avenged Sevenfold

And we're at it again, I turn around another fucking war, man  
I don't know where to begin, but I'll start with the radical leaders  
Their steps we're followin' Running, don't go back and fight, too many you'll lose  
(And as clowns you follow suit behind the blood between the red and white and blue but it's too deep for you to  
see and everyone eventually will take the step cause it's in sight you take the left I'll take the right I feel the hate  
you've built for me and I say pay attention baby) As they thank the Lord the blind can't see  
Like a plague fed to the brain deadly disease But it wasn't a sin, a sorry life in judging every action  
And as they're feeding your mind with this shit you forgot  
How to speak how to ask all the questions The business at hand tonight, make the people choose  
(I see another side in you but there's not much more I can do from on the outside looking in your government is  
listenin' to push you on the story of immortal father mortal son give them your mind and all your wealth the  
cycle will rebirth itself)  
If they had it their way I'd burn in Hell and your future's a fuckin' disaster can't you see  
Don't give them all the power when your future's in desperate trouble baby As they thank the Lord the blind  
can't see  
Like a plague fed to the brain deadly disease  
I'd run away tonight with my mind still intact you gotta make it alright  
Easier said than done with no place to hide and having no place to  
Running away from condition, I see you but you're running away from  
Your scared seductive system Most would claim I live a lie when pointing out it's easy to predict these things  
Every color has its side, they live together vote but most won't read between these lines  
Please help us, please save us of course they have control we're all the same  
Up on the cross, crucified their problem drove the nail and let Him rot  
Family and friends, it won't matter in the end I'm sure they'll understand  
Now look at the world and see how the humans bleed  
As I sit up here and wonder 'bout how you sold you mind, body and soul  
Looking at the fields so green I know this sounds obscene  
I see you're living for tomorrow but decisions you have made will leave you empty As they thank the Lord the  
blind can't see  
Like a plague fed to the brain deadly disease  
I'd run away tonight with my mind still intact you gotta make it alright  
Easier said than done with no place to hide and having no place to run You've fallen asleep in denial  
Look at the way we're dyin'  
How it ends I'll never know  
Just live you life blind like me
