

Veils And Visions

Zebrahead

I crash so hard, fall so low
Just when things look right
That's when you know that I'm alone I take the chance to lose it all
Take a look around me
And you'll see where I have stalled
This is the last time that I'm sayin' And here's the end
Of the night, of the line
Won't somebody save me? Here's the time, time for more
Time for everything and anything
It's alright, it's alright
And we go on and on and on and on again The rooms on fire you lock the door
Your new way of thinking will not get
Me off the floor take this time to take a fall I've given you my best
And now you won't see that at all
This is the last time that I'm sayin' And here's the end
Of the night, of the line
Won't somebody save me?
Here's the time, time for more Time for everything and anything
It's alright, it's alright
And we go on and on and on and on again Back beat everybody is changing
I'm so stuck and you are amazing
This is my low you are the reason
Live to be numb My fall is the season inhale the bullshit
Makes my skin itch but it gets me lit
Don't ya wish that the pieces fit
Like when we were kids You can't bide lost time
Can't bide lost time
You can't bide lost time
Can't bide yours and mine You can't bide lost time
Can't bide lost time
You can't bide lost time
Can't bide yours and mine
Mine Here's the end
Of the night, of the line
Won't somebody save me?
Here's the time, time for more Time for everything and anything
It's alright, it's alright
And we go on and on, and on, and on
On and, on and, on and, on again
