Veils And Visions

Zebrahead

I crash so hard, fall so low

Just when things look right

That's when you know that I'm aloneI take the chance to lose it all

Take a look around me

And you'll see where I have stalled

This is the last time that I'm sayin'And here's the end

Of the night, of the line

Won't somebody save me? Here's the time, time for more

Time for everything and anything

It's alright, it's alright

And we go on and on and on againThe rooms on fire you lock the door

Your new way of thinking will not get

Me off the floor take this time to take a fallI've given you my best

And now you won't see that at all

This is the last time that I'm sayin'And here's the end

Of the night, of the line

Won't somebody save me?

Here's the time, time for moreTime for everything and anything

It's alright, it's alright

And we go on and on and on againBack beat everybody is changing

I'm so stuck and you are amazing

This is my low you are the reason

Live to be numbMy fall is the season inhale the bullshit

Makes my skin itch but it gets me lit

Don't ya wish that the pieces fit

Like when we were kids You can't bide lost time

Can't bide lost time

You can't bide lost time

Can't bide yours and mineYou can't bide lost time

Can't bide lost time

You can't bide lost time

Can't bide yours and mine

MineHere's the end

Of the night, of the line

Won't somebody save me?

Here's the time, time for moreTime for everything and anything

It's alright, it's alright

And we go on and on, and on, and on

On and, on and, on again
