

Uncaged

Zac Brown Band

Gonna drift to the great wide open
Gonna set my spirit free
Won't stop till I reach the ocean
Gonna break these chains holding me
Uncaged Gonna swim in the coldest river
Gonna drink from a mountain spring
Deep in the land of the great wide open
And let the water roll all over me
Uncaged I wanna swim in the sunshine
And everyday find a way to face my fears
I wanna get in the wind Gonna take every chance I'm given
Feel the wind through the open plains
Freedom is a gift, get givin'
Go chase that sunset highway down
You gotta get uncaged
