

Can't Stop

Maroon 5

All alone in my room think of you at a rate that is truly alarming
I keep grouping my memories of you in my head, I pretend that you want me
And I fall asleep and dream of alternate realities
And I put myself at ease by pretending that she still loves me And I can't stop thinking about you
And I can't stop thinking about you
You never go on till I do
And I can't stop thinking about your love Oh yeah Can't believe I could think that she would just follow me
everywhere I go
I was wrestling with you in my dreams, and wake up making love to a pillow
And I fall asleep and dream of alternate realities
And I put myself at ease by pretending that she still loves me And I can't stop thinking about you
And I can't stop thinking about you
And you never go on till I do
And I can't stop, and I can't stop What I would give to have you look in my direction
And I'd give my life to somehow attract your attention
And I touch myself like it's somebody else
Thoughts of you are tattooed on my mind
Let me show you I can't stop thinking about you
And I can't stop thinking about you
You never go on till I do
And I can't stop thinking about you
And I can't stop thinking about you
I can't stop thinking about you
You never go on till I do
And I can't stop thinking about you
